

Thank you for volunteering to assist with the refugee crisis. AMPAA is proud to be involved in many efforts during this time.

**The following are updates for October 2021:**

**Dulles Airport in Virginia- Triaging of Patients: August 2021-September 2021**

AMPAA in collaboration with the Red Cross & Centers for Disease Controls (CDC) was assisting with the triaging of patients. At this time, all flights have ceased at Dulles International Airport and transferred to Philadelphia International Airport. For those interested in volunteering at Philadelphia's airport please let us know.

**Quantico Base in Virginia- Medical Translation: August 2021-current**

AMPAA is working with the medical marines at the base in Quantico. We are currently seeking individuals who can assist with medical translation only. The need for female Pashto speakers is great!

**Global Telemedicine Project- Afghan Providers Needed: September 2021**

AMPAA in collaboration with a Human First Coalition & Amwell will begin a telemedicine program. Please see the flyer attached. The electronic medical record (EMR) will be Amwell. We will first begin with refugees in Afghanistan then progress to other sites (Qatar & Germany).

**"Sunday Funday" at Fort Pickett in Blackstone, VA-October 2021**

AMPAA will be organizing an educational session for the evacuees at Fort Pickett. Possible topics will include newborn care, nutrition, diabetes, and USMLE preparation. If you are interested please email us directly or fill out the survey below.

**Mental Health Initiative- Need for all Mental Health Professionals: September 2021- current**

Mental health providers (psychiatrists, psychologists, mental health counselors, etc) are being called upon at this time. Their services will be needed either in person or via telemedicine throughout the nation. Several organizations have reached out to us.

**Specialty Care- Need for OB/Gyn, Pediatricians, & Dentists: September 2021-current**

AMPAA has been asked to assist in special situations in which Obstetrician-Gynecologists, Pediatricians, and Dentists have been called upon. Please fill out the survey below if you can assist.

**Educational Videos to be Taped- Need for Dari/Pashto Linguists: October 2021**

AMPAA will be recording educational videos in Dari and Pashto to distribute to evacuees. If you are able to write scripts in Dari or Pashto please let us know.

AMPAA will communicate with its members and volunteers through this email. All other correspondences are not from AMPAA. Please let us know if you have any questions or concerns. Thank you all for your support and hard work!! United we can accomplish great feats!
